

Ice Cream Sandwich Cake

Ingredients:

24 Ice Cream Sandwiches

1-Large container whipped topping

Caramel Syrup (or topping)

Chocolate Syrup (or topping)

Directions:

In a 13" X 9" pan arrange 11½ ice cream sandwiches (12 will not fit) in the bottom of the pan. Spread layer of whipped topping. Drizzle with Chocolate syrup, then with caramel syrup or toppings. Repeat with second layer. Cover and place in freezer until 15-20 minutes before serving. Lip-smacking good!

(Dessert for Two; just use two ice cream sandwiches and follow directions above. Split in half to serve.)
